OPUS

impetus

CLOUD 

### OPUS SUITE

*The paperless way to track, collect, sign off and analyse documents in your workplace:*

The OPUS Solution is a digital operating platform that allows teams in the field to easily collect data and manage jobs and tasks.

The data collected is seamlessly synchronized to an online dashboard for meaningful reporting and analytics.

OPUS can be customised to suit any business. Our partners at Impetus can provide you with a live demo and will assist with the implementation of OPUS within your organisation.

### HOSTING SOLUTIONS

*Secure hosting solutions for businesses of all sizes:*

With cloud hosting you can work anywhere, on any device, and with peace of mind that your data is always secure.

Your business solutions and data can be hosted in a managed local cloud provider at a fixed cost and with the flexibility to adapt as your business evolves. Our partners at CLOUD29 offer unparalleled simplicity, making it easy to include cloud in your IT strategy.

We also offer a radical software solution that allows you to remotely harness the full functionality of Sage 200 Evolution through any internet connection.

With CLOUD29 we can customise and build an automated backup solution which will host your on-premise and cloud data in a secure data centre.
